Hey Mr.X , myself firewall and provides a layer of security for network as well as system.

X replied to firewall, stating that i've the following capabilities.

- acts as a interface between external network and internal private network.

- provides additional layer of security to the network.

- Aww Snap! i can't sniff.

Find X.

Hint: I believe in peace,

Come to my zone and we can have a deal,

Bring your army but I won't let them in.
